

Clifford is a family, where each child is known and loved and each family is a key part of the learning journey.

Children are at the heart of what we do.

It is a place where key skills are taught well and are used to develop personalised work.

Here enrichment and creativity help to create joy and excitement in the world.

The Christian ethos is strong and each child is able to explore spirituality in a way that is meaningful to them.

We help children learn to love school and learning .

There are rich stimuli and breadth of learning

Children learn to be resilient , resourceful , reflective and become successful learners.

We give the children 21st century skills and constantly update the teachers skills to match them!

It's an exciting place to be for adults and children.
